

# Project Charter Document

## Team Name

**CPE-5:** Copy-Paste Engineering (powered by GPT-5)

## Project Name/Title

**Travel:** An application for providing travelers with real-time neighborhood safety ratings and local safety news alerts.

## Team Member Names and Roles

66070503434 Parunchai Kaewkhampa	Scrum Master
66070503436 Punawat Mungkalarungsi	Developer Team
66070503445 Peerawish Channukool	Developer Team
66070503446 Pakkawat Kaolim	Product Owner
66070503451 Veerathach Rattanarojt	Developer Team
66070503462 Kamil Pattanasakulloy	Developer Team
68540460045 Raphael Canu	Developer Team
68540460044 Gabin Dalibard	Developer Team

## Problem Statements/Target Users

- **Problem Statements:** When traveling to unfamiliar cities, Travelers struggle to identify which neighborhoods are safe and which have higher crime rates (e.g., theft, assaults). This uncertainty makes it difficult to choose safe accommodations. They also lack timely and reliable local news updates, leaving me uninformed about potential safety risks during my stay.
- **Target Users:** Domestic and international travelers seeking safer travel experiences.

## Description of Tools Used

- **Discord:** Facilitates team communication through text, voice, and file sharing.
- **Notion:** Central platform for project management, planning, task assignment, and progress tracking.
- **Figma:** Platform for collaborative UI/UX design and prototyping.
- **GitHub:** Repository for version control and collaborative development.
- **Visual Studio Code:** Integrated environment for coding, debugging, and testing.
- **Google Docs:** Enables real-time collaborative documentation.

# Activity log

Real-time activity tracking and task management in [Notion](#).

Date	Team Member	Task/Activity	Category	Time Spent	Notes/Outcome
06/08/2025	All	Team initialization	Meeting	1 hr	First draft of the project idea
10/08/2025	All	Brainstorming on projects	Planning	1.30 hr	Finalized project idea, selected tools, and assigned roles
13/08/2025	All	User Stories, Use Case & Use Case Diagram	Research & Planning	1.30 hr	First draft of use case of 3 projects ideas idea
15/08/2025	All	User case and Use case Diagram	Research & Planning	1 hr	Finalize Use case & Use case diagram of 3 projects idea
17/08/2025	All	User Stories and Acceptance criteria	Research & Planning	1 hr	Finalize User Stories and their Acceptance Criteria for 3 projects idea
